DR JOHAN IBRAHIM

Hi!! My name is Johan Ibrahim. Currently I'm working as Clinical Research Associate with Aesculape CRO Belgium-Singapore.

I describe myself as dedicated, highly motivated and enthusiastic medical graduate with in-depth knowledge of research design and methodologies, medical statistic, big data capture, curation, manipulation and visualization and has been certified Good Clinical Practice researcher from National Institute of Health (NIH) Malaysia.Able to use own initiative and work as part of a team under pressure to meet challenging deadlines/objectives.

WORK EXPERIENCE

Present | Apr 2025

Clinic Manager

Klinik Inocare

- Lead the rebuilding of clinic operations following a management takeover, establishing a revised approach to wound care and regenerative therapy services.
- Establish operating procedures, patient workflows, documentation practices and follow-up processes.
- Manage staffing, supplier coordination, financial administration and the operational requirements of patient services.
- Work with the clinic management software developer to translate operational needs into requirements for patient records, appointments, billing and inventory management.
- Provide ongoing feedback to refine the software already in use and specify requirements for automated patient follow-up.
- Define patient-data capture and export requirements with the developer to support planned exports of CDISC Analysis Data Model (ADaM) datasets for study analysis.
- Coordinate the collection and completeness of data required for an ongoing study evaluating the safety of stem cell therapy in patients with knee osteoarthritis.
